

# Key areas

Halls 2-3, 11-13, 15-17, 20-27

- 2** All species: Compound feed, feed components and additives  
All species: Veterinary products and equipment
- 3** All species: Compound feed, feed components and additives
- 11** Cattle: Breeding and reproduction technology, machinery and equipment for management and feeding, animal identification, hoof care equipment, pasture management technology, "TopTierTreff" – top cattle genetics
- 12** Cattle: Machinery and equipment for management and feeding, "Cattle Forum"
- 13** Cattle: Machinery and equipment for milking and refrigeration
- 15** Pig: Breeding and reproduction technology, machinery and equipment for management and feeding, piggery and shed construction  
Cattle: Barn and shed construction
- 16** Pig: Machinery and equipment for management and feeding, "Pig Forum"
- 17** Pig: Machinery and equipment for management and feeding, Controlled environment and environment technology  
Poultry: Poultry housing and shed construction, Machinery and equipment for management and feeding, poultry slaughtering and processing, egg grading and processing, controlled environment and environment technology, "Poultry Forum"
- 20** All species: Compound feed, feed components and additives
- 21** All species: Feed storage, milling and mixing installations, feed pelleting  
EnergyDecentral: Biomass storage, processing and pelleting
- 22** All species: Compound feed, feed components and additives
- 23** All species: Compound feed, feed components and additives, disinfectants, disinfection equipment
- 24** EnergyDecentral: Decentralized energy supply, wind energy, CHP units, Biofuels, short rotation plantations, fuel technology
- 25** EnergyDecentral: Biogas/biomethane, substrate conditioning, fermentation, gas feed-in, system construction, „Renewable power – intelligent use“, "EnergyDecentral Forum"  
Aquaculture: Machinery and equipment for management and feeding
- 26** All species/EnergyDecentral: Loaders/lifters, livestock trailers, high pressure washers, agricultural software, consultancy, Campus & Career including Science & Research, DLG Stand, "International Visitors' Lounge", Special "Digital Animal Farming"
- 27** Cattle: Mixer-feeder wagons, automatic feeding systems, bale opening devices, bunker silos, silo unloading equipment, transport vehicles  
All species: Solid manure and slurry technology  
EnergyDecentral: Silo unloading equipment, dosing systems, fermented product applications
- F** Free air area EnergyDecentral: Special "Biogenic solid fuels – wood and stalk-type biomass"
